This student's course selections are consistent with NCAA scholarship requirements.

This student's course selections are consistent with NCAA scholarship requirements.

GREEN = student is in good position to academically qualify for a scholarship; has taken correct number of NCAA-approved courses to date; has GPA >3.0, and has taken a standardized test at least once per year after freshman year.

YELLOW = student has taken correct number of NCAA-approved courses to date, but has GPA <3.0 which may negatively impact standardized test requirement or that student hasn't taken a standardized test each year after freshman year. Yellow doesn't mean student won't academically qualify, but student needs to perform better to reach Green.

RED = a serious deficiency in student's academic progress that requires student to immediately consult a GradeCheck professional

What is Gradecheck?

GradeCheck® provides academic guidance to the high school student athlete hoping to receive an NCAA athletic scholarship. GradeCheck® simplifies the process of determining NCAA eligibility. Our online system enables students, guidance counselors, and coaches to track students' academic progress quickly and easily, and to rapidly determine what NCAA eligibility requirements must still be met.
